Vaeg's revolutionary joinery system is the perfect way to declutter your home, office or garage with our functional wall system, creating a productive and creative work zone, a tiny changeable home, or a storage area to organise your stuff. The Vaeg joinery system is made with many world-first designs that allow you to turn a wall into a functional system that you can change and move around without nails, screws, or tools. The Vaeg joinery system is also eco-friendly and made from sustainable materials. With Vaeg, you can do more with less and declutter your life in the most efficient way possible.

WE HAVE CREATED A CUSTOMER JOURNEY THAT PUTS YOU IN CONTROL OF YOUR CREATION.

In today's world of busy schedules and deadly viruses, the last thing anyone wants to do is spend hours chatting with a sales representative. That's why we designed our easy as... 1,2,3 quotation process! With just one sketch sent to us, we have everything needed to develop your plans, visual project render, and quotation.

TO HELP GET YOUR CREATIVE JUICES FLOWING, HERE ARE SOME COMMON EXAMPLES OF HOW PEOPLE ARE USING OUR PRODUCTS.

STUDIO APARTMENT

Our client had purchased several studio apartments that he planned to renovate and rent. He saw vaeg panels as a fast, affordable way to renovate without plastering and painting, add instant value, and increase his rental yield by having the ability to adapt the apartment to his tenants. One day, he will have two students who each require a study desk and shelving. Then a professional couple may need a completely different click-in vaeg set-up.

CONTAINERS TINY HOME LININGS.

THE IMAGE IS FROM OUR iPAMP TINY HOME.

iPamp

Like the studio apartment example above, you can set up the room exactly how and when you like it. We also have a container retrofit package under development. The image is from our iPamp tiny home.

GARAGES.

With the garage being one of the most underutilised rooms in a home, adding our wall system can create the ultimate storage room, workshop, gym, or rumpus room, which improves your lifestyle and increases the value of your home.

FUNCTIONAL FEATURE WALLS.

Craft rooms, home offices and feature walls add the wow to a home and create a functional fold-down office, study or wardrobe.

CEMENT BLOCK WALLS.

Our panels come with alloy strapping pre-installed, Vaeg panels are a fast way to renovate a block or basement wall.

CORPORATE OFFICES AND SHOP FIT-OUTS.

ALSO HAVE DESKS
AVAILABLE ON REQUEST.

With installation speed like nothing else, your investment is into a beautiful sustainable feature wall, no painting, no plastering, fast installation, the small cavity behind the panels can hold wiring, and not to mention they have sound-dampening properties. This is before the benefits of a functional, creative, sustainable, and adaptable working environment.
